Besides these packages it is also possible, on request, to:

There is a choice of five different places to stay near the venues for the Sixth Gathering, all representing excellent value for money at different styles, and ranging from two to four and a half stars. In all cases the travel arrangements **include** economy return air fares, accommodation in Hawai'i, and airport transfers in Hawai'i:

The US immigration regulations state that most New Zealand citizens, as well as citizens of 33 other countries, can travel to the US temporarily for business or pleasure without a visa, under the Visa Waiver Program. People with a criminal record, however, must apply for a Visa, irrespective of nationality. All visitors to the US also need to have a (free) approved electronic travel authorisation before departure, and at least six months left to expiry on their passports.
